## "BE PREPARED TO ACHIEVE"

*At Baldivis Secondary College we recognise the importance of students arriving at school with all of the resources they require to fully engage in their classes EVERY DAY. To support students in this endeavour we will have implemented a number of important strategies;*

### THE AVID PROGRAM

AVID stands for Advancement Via Individual Determination. Students are explicitly taught a range of AVID strategies, such as goal-setting, organisation, Cornell note-taking, and time management which when used consistently by students are proven to increase their learning and performance. The two main aspects of AVID in Year 8 are;

- 1. The AVID Binder** - We expect students to bring their AVID Binder to every class, every day.
- 2. Note-taking** - students are introduced to "The Cornell Way," a method of focused note taking that increases information retention and understanding to support student success.

More information is available by visiting <http://baldivissc.wa.edu.au/curriculum/curriculum-initiatives/avid/>

### GOOD STANDING POLICY

At Baldivis Secondary College we believe that it is essential to clearly state the standard of performance necessary for students to succeed at school and be well placed to enter the post-school destination of their choice. The good standing policy establishes minimum standards and expectations in relation to Academic Performance, Attendance and Conduct. The degree to which each student achieves the standards will help determine their 'standing' for a semester.

More information is available by visiting <http://baldivissc.wa.edu.au/policies/good-standing-policy/>

## COMPLETION OF HOMEWORK AND ASSESSMENT PIECES

The Baldvis Secondary College community recognises the value and importance of homework and study as integral to supporting students to achieve to their full potential.

Homework is part of a planned approach by teachers to provide a relevant opportunities for students to practice and extend their learning, independent of the class environment. This is also the time students would be expected to finish work not completed in class time or missed through absence. Invariably, assessment tasks require some independent work to be completed away from the college.

In order to support the completion of homework and assessment tasks the college is implementing three specific strategies;

- 1. The Academic Alliance** - The Academic Alliance is a chance for students to catch up on missed work, get help with the homework, assessments and skills in general. This club meets on Monday afternoons from 2.45pm - 3.45pm in Room 03-105.
- 2. Breakfast Club** – Every Tuesday and Thursday morning 7.30am-8.15am. Students are provided with a nutritious breakfast and have the opportunity to work on homework or assignments with College staff.
- 3. Lunch-time Detention** – It is the students' responsibility to seek extensions BEFORE the due date for any homework or assessment pieces. Student who fail to complete or submit work by the due date and haven't sought an extension will be given a fifteen minute lunch-time detention in which to work on unfinished tasks. Where this continues to be a problem for students an 'after school' detention may be imposed.

For more information regarding the college's Homework & Study Policy and Lower School Assessment Policy visit ; <http://baldvissc.wa.edu.au/policies/>

## REGISTRATION SLATE CHECK

We regard a fully operational slate as integral to students being prepared for their learning.

Each morning in Registration we expect that every student will have their slate with them and log on to Connect and check emails. The only time a student should not have their slate with them is if it has been sent away for repair. In this instance, the student's name would be listed on the Repair List.

It is a student's responsibility to ensure that their slate is fully charged each morning and working properly. If it is not working as it should, students have been directed to complete a yellow slip or see the ICT technician in the Library at recess or lunch time on Mondays and Wednesdays. Doing nothing is NOT an option.

Each morning, Registration Teachers will be checking student's slate and if they do not have their slate with them and their name is NOT on the Repair list, their slate is not fully charged, they have forgotten their password or their slate is not working (i.e. broken) a letter will sent home advising parents that they are unprepared for school. If this happens three times students will lose the privilege of taking their slate home for one week.

## CONNECT

Connect is the Department of Education's online environment which provides teachers, students and parents with secure access to a collaborative online learning environment via the internet. We acknowledge that with the extensive use of Connect by class teachers, parents may receive a number of emails that don't necessarily pertain to you. We are working with the Connect team in central office to address this issue. Please be patient.

In the short term, class teachers are including in the title of a notice ATTN PARENTS or ATTN STUDENTS or ATTN ALL – to assist the recipients to filter the information they're reading. For more information visit;
