Dear Parent/Carer,

Keys for Life Pre-Driver Education Session

This semester during term two your son/daughter will be participating in the *Keys for Life Pre-driver Education* program. This is a School Drug Education and Road Aware (SDERA) initiative, which has over fourteen years of State Government support. The program will be delivered by staff members at our school who have been trained by SDERA, to ensure lessons are accurate, appropriate and engaging. *Keys for Life* is a ten-lesson, evidence-based program that is linked to the Western Australian Curriculum and Assessment Outline, Licensing System and Certificate of Education. Students are involved in activities that promote safe driving and positive attitudes. Above all, *Keys for Life* builds a culture of respect and responsibility, and an appreciation that driving is a privilege, not a right.

Students receive their own resources and will undertake the legitimate Learner’s Permit Test at school, culminating in licensing benefits that are recognised at all Department of Transport Driver and Vehicle Services Centres throughout Western Australia.

Because driving instruction is primarily a parent responsibility, our school has taken steps to support you in your role as a driving supervisor by inviting you to a **Keys for Life Workshop** for parents and students on:

- When: **Wednesday 23rd March**
- Where: **Baldivis Secondary College Library**
- Time: **5.00pm-6.00pm (please arrive at 4.45pm for a 5.00pm start)**

It is recommended that you attend this one-hour information seminar with your teenager, as it provides important information about reducing stress in the learn to drive process, crash avoidance and the licensing system. Please save this date and RSVP to the College by **Wednesday 9th March**. For more information about *Keys for Life*, please contact the school.

Yours sincerely,

Matt Adams and Jade Carmody
Year 10 Health Education Coordinators
